Inventor name search on PALM.	9/28/2007	FK
Searches conducted by the examiner on EAST and STN databases. See attached printouts.	9/28/2007	FK
Consulted with supervisor Ardin Marshel prior to allowance to discuss use of the term "undissolved" in the instant claims. He		
agreed with the examiner that this did not raise any issue of new matter because the specification clearly discloses		
polymers dissolving upon contact with water, which plainly means they are by definition "undissolved" prior thereto.	9/28/2007	FK
